Waiting data input...

We, at accure labs. Have strong vision for the future in generic pharmaceuticals, with primary interests in finished formulations development/development of dossiers and supply of finished formulations, but also offering custom made solutions in several related Pharma activities and services. We started our journey in year 2005 with a commitment to create better quality of life by providing high quality formulations especially, but not limited to, in niche segment like Oncology. Also specialised in other segments like CNS, Gastro and Anti-diabetic etc.

We are preparing ourselves for the oncology generic pharmaceutical market, by deeply involving ourselves in formulation development, dossier development of the products who are getting off patent in near future and possessing the intellectual property of the dossiers. We are geared to support the community of oncologists with our novel drugs, diverse portfolio, State-of-the-art facilities, team of dedicated professionals, and our worldwide network and presence. Thus, we are fully prepared to offer the best options to Oncologists and their patients. We Innovate and are passionate about creating products and services that improves the quality of lives of the people it touches.

## Vision

To play a significant role in providing as many people across the globe the ability to enjoy the right to health through research, production and marketing of quality Pharmaceutical formulations.

## Mission

To take upon itself the responsibility to create research centers to develop new molecules, production facilities, marketing networks, strategic alliances in key geographies to vision.

## Values

We are committed to use the magic mantra of people, trust, value and, to offer the world: Quality product at competitive cost on total integrity platform.

# Our People

If we are proud to an extent with our activities and quality, it is our associates making all the difference. Our team consists of highly qualified profiles in the pharmaceutical industry.

Their professional approach is matched by their personal commitment. The products and services they deliver and the respect of the medical community they have earned vouch for their dedication to improved cancer care.

Thanks to the commitment of our associates that Accure Labs Pvt. Ltd will account the company & standing as one of the most trusted names in Oncology.

# Our Business Strategy

Accure Labs is consistently working towards its vision of becoming a leading branded oncology generics company keeping alive the ultimate motto of touching lives globally. We attribute our success to continued patronage of our valued customers and partners, who stood by us over the years and who has put in their trust in us.

The company has been adopting a strategy of increasing its international brand image and is rapidly expanding to reach out to more and more countries. We are sure our unique business model, work practices, and culture of quality & excellence in everything we do will lead our relationships with business associate to a newer height, and ultimately will pave our way to a new growth trajectory and horizon of success. Accure Labs consistent strategic direction is poised to project a recognizable organization across the world in the near future.
